

Benetau Antares 30

Kapacity: 10 persons

Engine: Volvo Penta D6-370 370 HP

Lenght: 10,22 m

Width: 3,35 m

Description

Benetau Antares 30 offers plenty of size and opens flybridge boating up to market previously untouched by the French yard. It has a large sun pad, dinette and helm position on the upper deck. Elsewhere, a three panel, sliding glass door grants access from the cockpit to the saloon which, thanks to an abundance of glass, should be light filled and graced with a good view out for the crew. The galley to starboard is well equipped with a 65 litre fridge and is in the perfect position to serve the cockpit and flybridge. At bed time, guests can retire to their twin bunks on the port side, whilst the owners are treated to a double in the bow – both cabins share the washroom. Saloon can be convertible in double berth for more 2 persons. Antares 30 powered engine Volvo Penta D6 with 370 HP should be good for 26 knots, the trusty Antarés hull can usually be relied on to provide a comfortable ride as well. Excellent choice to rent this speed motorboat for Croatian islands, come in our base in Trogir or Split or we will delivery boat in bay where you are.

Delivery and Pick up of the boat wherever you are!
